### Address

Addis Ababa, Ethiopia

## Education

### Bachelor of Science in Software Engineering

Arbaminch University,  
Arbaminch, Ethiopia  
Graduating Year: 2025

CGPA: 3.76

## Technical Skills

- Languages: Javascript, HTML, PHP
- Frameworks: React.js, Node.js, Express.js
- Databases: MongoDB, MySQL
- Tools: Git, GitHub, Visual Studio Code
- Methodologies: Agile, Scrum

## Language

- English
- Amharic

## Professional Summary

- Motivated and detail-oriented Software Engineering graduate with five years of hands-on experience in software development, specializing in **MERN stack** web development
- Proven ability to work collaboratively in team environments and deliver user-centered applications. Strong problem-solving skills complemented effective communication and adaptability.

## Professional Experience

### Arbaminch University (2020 - 2025)

- **Hands-On Experience:**- Acquired extensive knowledge in software engineering through a rigorous curriculum, including software development, database management, and web technologies.
- **Collaborative Projects:**- Engaged in multiple team-based projects, enhancing skills in version control and agile methodologies.
- **Soft Skills Development:** Cultivated essential skills such as effective teamwork, adaptability, and problem-solving through presentations and collaborative projects.

## Key Projects

- **Volunteer Management System and Haile Resort Website:** Developed a web application for efficient volunteer coordination with a user-friendly interface, and designed a responsive website to boost engagement and showcase resort services.
